Dear Brother Fagerlie:

Greetings from Hyderabad. Yesterday Magdalene and I returned from Nagpur. There is some progress in the Nagpur matter, but it is very slow and irritating. The Government has no heart in these matters.

The date for the police report was postponed and now the date given is 8th March. It is a critical day as the investigation report will be submitted to the court and the Government will make a decision about sending the children back for their schooling. Please continue to pray.

I was able to shift the conference dates to November 2, 3, and 4, 2010. Please let me know the developments from your side.

Benjamin C. Komanapalli
